The Birth of **ALSVIN**

Changan Alsvin is a smart sedan with elegant yet aggressive styling. As you step inside the elegant cockpit, you will find a plush cabin, giving you a luxurious ride

Heritage

Changan is China's No. 1 domestic brand and has been for the last decade, year after year. Alsvin holds a strong heritage & has established itself to be the customers beloved smart sedan over generations

1st Generation (2009)

2nd Generation (2013)

3rd Generation (2018)

Experience the Lumiere

Let the light shine through, discover the world above with the Alsvin's Electric sunroof. The tilt gives ambient light & luxury within reach because we believe, every child has the right to enjoy the wind

BUTTERFLY FRONT GRILL

The nature inspired butterfly grill is beautiful to look at and provides a more efficient wider exposed area to increase per second intake & heat transfer

SHARK FIN ANTENNA

This piano black antenna fin has an angular style which builds on the overall vehicle design

DAYTIME RUNNING LAMPS

The LED curve lamp with bright white lights is designed to perform during the sunniest of days

AERODYNAMIC WAISTLINE

The elegant flowing dual waist design provides aerodynamic streamline motion as well as low wind resistance which provides fuel economy by reducing drag

DUAL - BEAM PROJECTOR HEADLAMP

The design is not only beautiful but it also provides better visibility. It is able to project light beam in foggy and rainy conditions through its dual-beam halogen projection headlamp and leveling feature

Smart & Agile Design with
Wider View From the Inside

COMBINATION TAIL LAMPS

The two-part combination tail lamps with reverse lamp and fog light provide improved visibility to rear traffic

BONELESS WIPER

Single boneless wiper with improved grip & maneuverability ensures a smooth clean windshield during the toughest weather conditions

JACK KNIFE

Smart key-less entry with the elegant palm size jack knife key

ALSVIN THE “SMART” SEDAN

Sized just right both inside and out for comfortable & practical daily use. This is the epitome of technology and driving and is truly the smartest choice in its category

Plush Bucket Style Seats

These first in class luxurious sporty seats with breathable material are designed for utility and comfort. The seats allow for ventilation to keep the passengers cool and comfortable during the ride

DOOR HANDLES

Beautifully crafted door handle which provides you with a firm grip as you step outside of the vehicle

CONSOLE GARNISH

Adding to the fashion of your ride, the console garnish adds a finesse in the overall interior of the car enhancing the feel of luxury

AC VENTS

The flexible AC vents allow both driver & passenger to adjust rotational and directional air throw according to their preference and enjoy a cool ride, every time

ELEGANT & SPORTY COCKPIT

The driver-oriented cockpit brings all vehicle controls within arm's reach giving the driver full confidence on the road. The D-shaped steering design looks sporty & provides increased legroom

METER CLUSTER

The digital RPM screen provides you with all the vehicle information without letting go of the steering wheel. It indicates fuel consumption pattern, gear shift reminder for tiptronic manual drive, door open indicators & many more for ease of mind

CENTER CONSOLE

The blue accent center console is placed with a driver-centric convenient interior. The digital 8 speed air conditioner and multimedia controls provide the driver with positive feedback

Floating 7 inch Display

The floating screen display is placed within binocular sight of the driver to provide ample information while driving. This keeps the driver's attention on the road while still enjoying the operations of multimedia safely

Vehicle Configuration through Human Machine Interface (HMI)

Built-in controls allow personalization of Daytime Running Lamps, Headlamps and Turn signals, Airconditioning and Door locks based on user preference

DAYTIME RUNNING LAMPS

Configurable Daytime Running Lamp

BLUETOOTH CONNECTIVITY

Enjoy seem less connectivity to your phone for music and voice calls through the integrated Bluetooth system

WELCOME LAMP

Configurable Welcome lamps remain lit to guide the way while you enter your vehicle

AUTO DOOR LOCK

Configurable door locks makes Locking and unlocking easier

AC VENTILATION

When the car is unlocked, self-ventilation system prepared the cabin beforehand by circulating ambient air into the cabin

AC SELF DRYING

When the car is locked the ventilation system expels trapped air inside the AC vents before shutting down to avoid damp and foul odor maintaining a fresh cabin environment, every time

Cruise Control

Equipped with progressive cruise control, which enables you to increase or decrease the speed without disengaging the cruise system, as well as set the speed on long roads reducing driver fatigue

PARKING SENSOR

Alsvin comes with reverse parking sensors with proximity alarm to maneuver through narrow parking spots while avoiding obstacles & blockages

12V/120W ELECTRONIC CHARGING

12V/120W electronic charging/ power socket/ cigarette lighter socket. Connect cigarette lighters, mobile chargers and other 12V electric equipment conveniently

REVERSE DRIVING DISPLAY

The dynamic reverse guidelines trace the vehicle's trajectory and assist in steering conveniently

Super Electronic Power Steering (SEPS)

The most effortless power steering which progressively stiffens the turning response as vehicle speed increases. The super-soft steering operation gives sporty agility & comfortable driving pleasure

Tiptronic Sports Mode

Tiptronic sports mode conveniently gives the gear shifting control to the driver. Shift gears as you desire & accelerate as per your need for speed

Adequate Trunk Space

Alsvin provides you with 26 cubic feet of storage space for all your luggage needs. The insulated boot cover provides dampening of ambient noise as well as keeps the cabin cool and serene

Blue Core Technology

Fitted with a powerful 1480 CC DVVT engine, the Alsvin offers a quiet and smooth driving pleasure with a higher fuel efficiency and the lowest of emissions

The optimized combustion system is capable of reducing fuel consumption by 20% and carbon emission by 50%* without compromising on the overall performance of the vehicle

5

YEARS
